Loara High School opened in 1963. The 39.6 acre site includes 60 regular classrooms plus a number of portable classrooms. There are 27 labs which are designed for specific programs (i.e. computer labs, science labs, choral music room, etc.) The site also contains an auditorium, a library/media center, a gym and pool facility, and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The district board has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily and deep cleaning, waxing of floors, and painting takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Loara High School is undergoing extensive modernization and new construction. The estimated total budget is \$28.5 million. All projects should be complete by January, 2007 with occupancy beginning after winter break, 2007. Loara will have 18 new classrooms, four new science labs, and a practice gymnasium. ### California High School Exit Exam (CAHSEE) Results

The California High School Exit Exam is primarily used as a graduation requirement in California, but the results of this exam are also used to determine Adequate Yearly Progress (AYP) for high schools, as required by the federal No Child Left Behind (NCLB) law. The CAHSEE has an English language-arts section and a math section and, for purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. Note: To protect student privacy, scores are not shown when the number of students is 10 or less. The score a student must achieve to be considered Proficient is different than the passing score for the graduation requirement.

## IX. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2004-05	2005-06	2006-07
Statewide	5	5	7
Similar Schools	7	7	9

### API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

<b>Participation Rate - Mathematics</b>	Yes	Yes
<b>Percent Proficient - English-Language Arts</b>	Yes	No
<b>Percent Proficient - Mathematics</b>	Yes	Yes
<b>API</b>	Yes	Yes

## Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.
